EXPERIENCE

ABS Pharmaceuticals Jan 2015 to present
 Regional Sales Manager | Feb 2018 - present

Provides field medical support covering Georgia and Northern Florida for Pfizer's oral antiviral team. Supported the official launch and transition from emergency use authorization (EUA) of Paxlovid (nirmatrelvir-ritonavir). Represent safe and appropriate use of products within the label, adverse event education and reporting requirements, and reactively respond to UMRs and triage requests. Accomplished by providing information on published or poster data through Standard Response Documents, relevant and current education and information, and face-to-face or virtual meetings to accommodate HCP/KOLs needs.

- Pfizer's Outstanding Achievement Award Winner in August of 2023 for contributions to Paxlovid's launch
- Responsible for medical peer education, objection handling, and clinical presentations
- Deliver medically relevant off and on-label content related to COVID-19 and Paxlovid

- Responsible for launching and training Lucira-Pfizer Diagnostic Test for COVID19/FLU (9/2023-present)

Schizophrenia Product Educator | Jan 2015 - Feb 2018

Neuroscience Field-Based Medical Staff reporting through Syneos Medical Affairs. Delivered medically relevant content related to products and device training of injectables for Schizophrenia. This included proactive education on the safe and appropriate use of products, including proper dosing and delivery of medicines. Responsibilities included Adverse event education and reporting requirements, reactively responding to MIRs by providing information on published or posterred data through Standard Response Letters, and providing relevant and current educational information. Met face-to-face or virtually to accommodate HCP/practice needs for four states (GA, TN, SC, and NC).

- 2021 - Launch for Hafyera Injectable for Schizophrenia

FLOYD MEDICAL Aug 2010 to
CENTER/PRIMARY CARE Dec 2014

Urgent Care Nurse Practitioner | Aug 2010 - Dec 2014

Provided medical care for patients in the Urgent Care and Primary Care environment, including cold, flu, dermatological issues, cuts, sprains, COVID-19, and many other minor emergency conditions. Conditions included COPD, diabetes, hypertension, etc.

- Provided clinical instruction/supervision to Nurse Practitioner students. Preceptor / Evaluator for new Nurse Practitioners during their "Residency Period" in the Floyd System.
- Collaborated with Medical Directors, CEOs, Directors, and other PCPs in the system to identify and improve potential barriers to patient care
- Handled Managed Care related concerns with medications, completed PAs, collaborated with Pharma Sales Reps on medication coverage, and billing/coding

MERCK & CO

2005 to 2010

Executive Sales Representative | 2005 - 2010

Responsible for educating physicians and staff on diabetes treatment and the benefits of products. Provided education on managed markets to HCPs and office staff, the approval or denial of medication, and how to obtain Patient Assistance/PA and full patient access to medications.

- Vice-President's Award Winner (top 5%) 2012
- 3-Time Director's Award Winner (top 10%) 2006, 2008, 2017
- Award of Excellence Sales 2016
